DOOR TERMS + DEFINITIONS

1. FRAME

The door frame includes the head jamb across the top, side jambs, and the sill at the bottom. Marvin frames are built strong to stand up to heavy door usage year after year.

2. STILES + RAILS

The horizontal wood members of a door are called rails; the vertical components are called stiles. With a traditional French door design, the bottom rail is about 8 inches high with 4 ¾ inch stiles and top rail. Doors with a more contemporary style often feature more glass with stiles and rails as sleek as 3 inches.

3. SILL

Our door sills are made of Ultrex®, our proprietary pultruded Fiberglass that is exceptionally strong and virtually impervious to time, weather, and pressure. Ultrex door sills provide excellent performance in hot or cold climates, plus durability over the long haul by being resistant to warping, denting, and fading.

4. PANELS

In a door, the panel is the main section, operating or stationary, that is installed into the frame. Marvin doors come in many sizes, some of the industry's largest, but they all share the tight tolerances for fit and quality finishes.

DOOR-OPERATING STYLES

OUTSWING DOOR

Single or double swinging doors open to the exterior.

INSWING DOOR

Single or double swinging doors open to the interior.

SLIDING DOOR

Save space with a door panel that operates by sliding along a track.

BI-FOLD DOOR

This door folds open and closed like an accordion and can include up to 16 panels.

LIFT AND SLIDE DOOR

For openings as large as 48 feet wide and 12 feet high, substantial door panels fully open into pocket or stacked configurations.

MULTI-SLIDE DOOR

Another option to blend interior and outdoor living with a modular frame system.

MAKE EVERY ENTRANCE GRAND

Marvin doors are designed to maximize the potential of any opening, view, and living space.

ULTIMATE BI-FOLD DOORS

ULTIMATE

EXPERIENCE FULL DESIGN FLEXIBILITY

Our Ultimate product line unites beautiful design with exceptional handcrafted quality. Add character to almost any space with our most extensive selection of shapes, styles, sizes, and options—including wood interiors protected by tough aluminum clad exteriors. With nearly endless possibilities for customization, Ultimate can match your vision and give it room to grow.

ULTIMATE MULTI-SLIDE DOOR WITH MATTE BLACK HARDWARE

ULTIMATE MULTI-SLIDE DOOR

ULTIMATE MULTI-SLIDE DOOR

The Ultimate Multi-Slide door is an ideal option to blend indoor and outdoor living, and the performance ratings of these doors match the exceptional views they frame. They're available in styles up to 6 panels uni-directional or 10 panels bi-parting. Both pocket and stacked designs are available with an optional scenic door Ultimate Sliding Screen.

INTERIOR

HARDWARE AND SILL FEATURES

Pull and latch hardware provides easy operation and squared-off corners for a clean, contemporary look.

DESIGN FLEXIBILITY

Available in pocket or stacked configurations for openings up to 56 feet wide and 12 feet high. Pocketing configuration shown above.

Available with IZ3

ULTIMATE BI-FOLD DOOR

ULTIMATE BI-FOLD DOOR

ULTIMATE DOUBLE HUNG AND PICTURE WINDOWS WITH BI-FOLD AND INSWING FRENCH DOORS

ULTIMATE BI-FOLD DOOR

The Ultimate Bi-Fold door provides big glass and clean design aesthetics to give homeowners more flexibility and a deep indoor-outdoor connection. Spanning 55 feet in width, the Ultimate aluminum clad Bi-Fold door is a simple, elegant solution for connecting to the outdoors. The wood Bi-Fold door offers a warm wood interior and exterior surface making it an ideal solution for adjoining interior spaces.

INTERIOR

INTERIOR PANEL HANDLE

The interior panel handle features a minimalist design that smoothly operates folding panels with a 90-degree twist and latches at the head and sill.

INTERIOR HINGE HANDLE

The optional Bi-Fold hinge handle aids in engaging the multi-point lock and closing the panels with ease.

Available with IZ3

ULTIMATE LIFT AND SLIDE DOOR

ULTIMATE LIFT AND SLIDE DOOR IN HONDURAN MAHOGANY WITH SATIN NICKEL HARDWARE

ULTIMATE LIFT AND SLIDE DOOR IN HONDURAN MAHOGANY

ULTIMATE LIFT AND SLIDE DOOR

With openings up to 48 feet wide and 12 feet high, now you can add acres to your floor plan. Available with pocketing panels that slide into the wall, completely disappearing from view, or stacked panels that slide and stack perfectly within the door frame for a seamless transition from inside to out. Both are available with exclusive flush-mount handles and exterior finger pulls that virtually disappear when not in use.

INTERIOR

HARDWARE OPTIONS

Available with exclusive flush-mount hardware, interior finger pull, and optional exterior finger pull.

POCKET AND STACKED CONFIGURATION

When open, panels either slide into the wall cavity or stack neatly into the door frame. They glide on the inconspicuous 3/16 inch high exposed track.

ULTIMATE COMMERCIAL DOOR

ULTIMATE COMMERCIAL DOOR

ULTIMATE COMMERCIAL DOOR

The Ultimate Commercial door combines sophisticated design with the rugged durability to stand up to years of commercial use. Available in a wide variety of design and customization options, they're manufactured with different construction and assembly processes from our residential doors.

MODERN MULTI-SLIDE DOOR

MODERN MULTI-SLIDE DOOR

MODERN MULTI-SLIDE DOOR

MODERN MULTI-SLIDE DOOR + MODERN AUTOMATED MULTI-SLIDE DOOR

Walls become an opportunity for expansive views and connection to the outdoors. Designed to perform beyond expectations, this sleek door offers numerous configurations for easy operation, impressive sizing, and strong thermal efficiency even in the most demanding climates. Plus, with the Modern Automated Multi-Slide door, have peace of mind knowing the status of the door’s mechanical and magnetic locks. Use the Marvin Home app to remotely lock or unlock the magnetic lock (the magnetic lock is inside the door and securely locks the door in place).

HARDWARE OPTIONS

Minimalist hardware designed for a sleek and modern form. A multi-point lock engages when the door is closed for a secure lock and tight seal. Choose from keyed or non-keyed and finger pulls for wall-pocketed units for access to panels when the door is open.

SILL OPTIONS

If a smooth transition from indoors to out or ADA capability is important, a Flush Sill in weather-protected areas or a High Performance Sill rated and certified for performance when exposed to weather conditions is available. When a sill does not need to be recessed, our Performance Sill offers an ideal option.

AUTOMATION

Choosing the automated multi-slide door allows even the most expansive doors to be operated with the push of a button. Choose among four modes of control, including home automation systems, voice assistants, Marvin Home app, and wall switches.

ELEVATE

THE PERFECT BALANCE OF BEAUTY AND STRENGTH

Marvin Elevate® products provide the ideal blend of remarkable design and superior performance through a curated collection of the most popular products and options, warm wood interiors, and high-quality Ultrex® fiberglass exteriors that perform even in the harshest climates.

ELEVATE INSWING FRENCH DOOR

ELEVATE INSWING FRENCH DOORS IN PAINTED WHITE

ELEVATE INSWING FRENCH DOOR

The Marvin Elevate Inswing French door offers tremendous versatility to create connections with exterior living spaces. The inswing motion is an ideal fit for doors that open over steps, those exposed to rain when open, and in climates prone to snow that would block use during the winter. Options are available with 1-, 2-, and 3-panel configurations up to 8 feet high with warm, stainable wood interiors and a virtually maintenance-free Ultrex® fiberglass exterior that stands up to the elements.
